

Ernst Theodor Rippmann regrettably passed away

22.09.2009

Message from Christian, Markus & David Rippmanns

Dear Prof. Chkheidze

We have the unpleasant duty to inform you that our father,
Dr. Ernst Theodor Rippmann regrettably passed away last Tuesday.
Please do not use this Email-Address ernst.theodor@rippmann.ch further.
If you want to contact us, please use the following Email-Address: family@rippmann.ch

The funeral will take place tomorrow -
There will be an official celebration next Saturday on 15.00h in Basel, St. Leonhardskirche -
where all people are cordially invited to participate.

If there is anything we can do for the OG or the website, please let us know. We are very
touched by the way you are describing the importance of our father for you and the world, and
we want - if we can - contribute to make his achievements last.

Kind regards
Christian, Markus & David
Reply from OGASH Chairpersons
Dear Christian, Markus & David

Thank You very much for your answer and for your kind participation
Surely Your Father initiated a lot of great things in his life, and that is what also all of us always
will remember. We'll reserve a special commemoration to your Father during the next SIGO
meeting in Bari, where He was Special Guest invited as OG Patriarch for the celebration of the
40th OG Anniversary. We will miss him very much and we'll try to honour his memory by
devoting our studies and medical care to the health of mothers and babies by fighting Gestosis
that will be entitled to Him as Rippmann's Syndrome

Best Regards to You and all Family
To an Unforgettable Scientist, Dedicated Medical Doctor and Honour Man
by me, my Family and Prof Irma de Luca Brunori with her Family

Sincerely Yours,

A tribute to
Late Professor Ernst Theodor Rippmann
MD. PD. FHM. OB/GYNE
Secretary General OG
Hon. Academician of IAMSS OGASH

Professor Ernst Theodor Rippmann who passed away on September 22nd 2009, will remain an unforgettable Scientist, dedicated medical doctor and honor man. We all will miss him very much and we'll try to honor his memory by devoting our studies and medical care to the health of mothers and babies by fighting Gestosis that will be entitled to him as Rippmann's Syndrome. We need to keep the flame of his passion to the OG burning by contributing to our best abilities. That would be the greatest homage that we can pay him . Our remorse and compassion to the OG Steering Committee members and his family.
His death is a great loss to the Organisation Gestosis, to our profession, and to us. The extent of the loss will be experienced fully only in the years to come. He has left a big gap, which is hardly ever filled. We cherish his memory and will never forget his personality, his courage, his wisdom and his optimism. May he be granted eternal peace.

Your Highness,

I'm still shocked. I sent his son my condolences yesterday. I will never forget him. He was a great man, with a genial professional outlook and unlimited personal kindness.
With deep sadness,

Alex

Your Royal Highness Prince Avtandil, Dear Prof. Chkheidze

It is with great remorse that I receive the sad news of Dr. Ernst Theodor's demise .It is an unrevocable damage and a personal loss . We had developed a great association through our common interests and prof. always has been a great source of inspiration to my scientific thinking and academic interests . His endearing communications and very humane emails is something that I will miss completely . We need to keep the flame of his passion to the OG burning by contributing to our best abilities . I guess that would be the greatest homage that we can pay him . I pray that his soul rests in peace , please communicate my remorse and compassion to the OG Steering Committee members and his family.

Warm regards
