

# OG Secretary General Election

Dear colleagues and friends,

Upon completion of the extended voting opportunity period, it is with great pleasure that I formally announce the confirmation of Dr. Sanjay Gupte as the Secretary General of Organization Gestosis - Society for the Study of Pathophysiology of Pregnancy. Dr. Gupte has played a key role over the last years in Organization Gestosis, is the past President of OG, and has been an instrumental member of OG Steering Committee. As a former president of FOGSI, he is nationally recognized in India for his research and managed care efforts to reduce maternal morbidity and mortality. In his new role, Dr. Sanjay Gupte will lead our collective improvement efforts within the framework of OG, to increase this organization's reputation and international recognition. Please join me in congratulating and supporting Dr. Sanjay Gupte in his new position.

The address list for this e-mail reflects the new OG Steering Committee membership for the upcoming year. With Professor Ayse Kafkasli as the new OG President, I want to encourage your participation in the new structure of OG. Please review priorities, identify areas of interest, and provide Dr. Gupte and Professor Kafkasli with your valued input.

Kindly accept my Best Wishes for the New Year 2011,

Alex C. Vidaeff, MD, MPH  
Professor of Obstetrics and Gynecology  
Director of Research
